

Baseball Plans Will Be Made In Meet Feb. 2

All Teams In League Hit
By Call to Arms
This Year

Whether Truckee will have a baseball team in the Placer-Nevada League this year depends upon the outcome of a meeting to be held at the fire house Friday evening, February 2, at 7:30, R. N. Little, club business manager, announced.

There is a strong possibility that the local club may be forced to take a leave of absence because of the dearth of available players, Little said. At least ten of last year's roster will not be on the field this year. They include Al Williams, John Rablin, John Faught, Louie Goicoa and Mike Korich, who are in the service; Bill Christie, who has transferred to Sacramento; the Martin brothers, Harvey and Bill, Larry Baxter and perhaps Karl Kielhofer and Frank Giovannoni, who are not planning to play this season.

Little asks that everyone, directors, players and others interested in the game, attend the meeting.

COLIFAX—President Charles Gallagher has called a meeting of the directors of the Placer-Nevada Baseball League for Sunday, February 11, in the Hotel Auburn at 2 p.m.

Gallagher is suggesting that each club hold its organization meeting before the date of the league meeting so that when the meeting is held, each director will know definitely what his team's plans are for the coming season.

Due to the draft and enlistment of many players in the armed forces, the various teams face a serious situation insofar as sufficient players are concerned. Every club in the league has been hit by players entering the armed forces.

ATOMIC BOMB DEFENSE FILM TO BE SHOWN

"You Can Beat the Atomic Bomb"

That is the title of a special added attraction on the program Friday and Saturday nights at the Donner Theater. Manager V. C. Shattuck says this film has been produced by the motion picture industry as a public service and gives details of precautions and conduct in the event of an A-bomb attack. Beside its value for vital instruction, the film has been tabbed as having high interest appeal. In addition, the regularly billed feature, "Arotic Fury," will be shown on the two nights.

Today at 1:15 p.m., students of the Tahoe-Truckee unified schools attended a special matinee showing of the documentary film, "50 Years Before Your Eyes." This is an historical record of our world in movies since 1900 which has won high praise both from educational and entertainment standpoints. "50 Years" will also be shown tonight as the regularly scheduled feature at the Donner Theater.

McGlade Resigning As Clerk of Patrol

John J. McGlade, clerk at the office of the California Highway Patrol here for the past three years, has resigned the position effective February 8 and has accepted a position with the Tahoe-Truckee Unified School District, according to Walter A. Loynd, president of the school board.

McGlade will be employed in the office of Superintendent E. V. O'Rourke where he will be in charge of the accounting department.

No announcement has been made regarding McGlade's successor at the patrol office and there is a possibility it may be closed unless a suitable applicant is found.

Squaw Valley Lift Damaged by Slide

Reno Day at Squaw Valley was postponed last weekend, according to the Nevada State Journal, when an avalanche roared down the north face of Squaw Peak and damaged the resort's world-famous and longest chair lift. Alex Cushing, manager of the resort, reported they hoped to have the lift back in operation soon. One of the towers was damaged by the slide.

The resort management announced last night that the tow will be in operation again Friday after some 20 men have worked around the clock since last Saturday.

Postal Receipts Reflect Growth Of This District

Postal receipts at the Truckee Post Office during 1950 showed an increase of \$1237.36 over 1949.

In making the announcement, Postmaster E. C. Bavier said the 1950 receipts were \$15,140.34 as compared to \$13,902.98 for the preceding year.

Postal receipts are considered one of the best business barometers in a community and for many years the Truckee office has shown a steady, healthy growth.

GEORGE CARTER IS MARRIED AT VIRGINIA CITY

At a simple ceremony performed at Virginia City by Mrs. Matilda E. Pollard, justice of the peace, Miss Jessie J. Liberatore, recently of Buffalo, New York, and more recently of Reno and Truckee, became the bride of George A. Carter, owner and operator of the St. Louis restaurant here.

Mr. and Mrs. Earl Brown were attendants and Mrs. Ruth Curteberry was a member of the wedding party. Following the ceremony, a dinner at the Columbus was enjoyed and Mr. and Mrs. Carter took a plane to San Francisco where they are honeymooning for a few days before returning to Truckee where they will reside.

Mrs. Carter wore a royal blue velvet suit with a corsage of orchids. Mrs. Brown wore a grey suit and corsage of gardenia and rose buds while Mrs. Curteberry was attired in a grey suit and wore a gardenia corsage.

Best wishes of their many friends are extended to the newlyweds.

Dave Medford Run Over by Own Car

David Medford of Truckee suffered minor injuries in a freak auto accident on River Street at noon Friday.

Medford had parked his car back of one driven by Mrs. Mae E. Olson, also of Truckee, and was stretched out on the snow installing a tire chain when Mrs. Olson backed her car, hitting the Medford machine, causing the latter to run over the owner's knee. Mrs. Olson said she did not see the Medford machine until too late to avoid the mishap.

Terror of 'Phone Bldg. Sentenced to 30 Days

John R. Keough, 60, was sentenced to serve 30 days in the county jail for violating the county's sobriety ordinance when he appeared before Justice of the Peace Foster Wilson this week.

Keough was accused of frightening residents of the telephone building which he entered while intoxicated.

Pythian Orders Plan To Install Officers

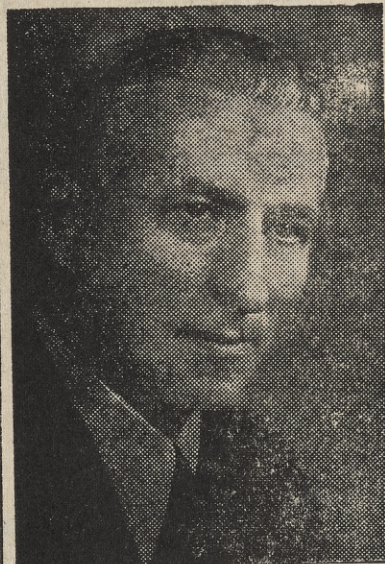

There will be a joint installation of officers of Summit Lodge 54, Knights of Pythias, and Summit Temple 79, Pythian Sisters, tomorrow night at 8 p.m. in the IOOF Hall. Don Sites will be installed as chancellor commander of the former and Hazel Roberts is to become chief of the temple. Each Knight is requested to wear his lodge fez.

A regular meeting of the Sisters will be held tonight at 8:00. At their January 11 meeting, Bessie Weinand, Alta VanSickle and Doris Wakefield were initiated into the order.

Dual Birthday Party At Ray Roberts Home

A birthday dinner party was given at the Ray Roberts home on Saturday evening, January 20, for Chester Burns of Truckee and Odie Jackson of Marysville, whose birthdays fall on the same date. Those enjoying the affair were Mr. and Mrs. Burns, Mr. and Mrs. Jackson, Mr. and Mrs. Wes Moreland and children, Bill and Joy; Mr. and Mrs. Ray Roberts.

SPEAKER

A talk on "Progress in Better Living" will be given here by Dr. Walter A. Dew, Pacific district manager of the DuPont Company extension division, before the joint Rotary-Lions club meeting next Monday night. Dr. Dew is widely known as a speaker on industrial progress and chemical developments.

FOUR LANE "40" TO BE SUBJECT OF C. OF C. MEET

A discussion of the possibility of four-laning Highway 40 and proposed signs asking public support of the move will feature a meeting of the Truckee Chamber of Commerce tonight at 7:30 o'clock at the California Cafe. Coffee and pie will be served and all interested are asked to attend.

A new move in the high Sierra to add impetus to the "outdoor lobby" for improvement of U.S. Highway 40 to full four-lane width between Reno and Sacramento has been started by the Placer County Disaster Council in Auburn.

Placer County's chamber of commerce only ten days ago joined with the Reno chamber of commerce in sponsoring more than forty huge signs along congested sections of Highway 40 urging: "Make This 4 Lanes. Write Your Congressman."

Now Placer's disaster council is sponsoring a resolution to the California Highway Commission expressing "much concern over the inactivity of the commission" in respect to the widening of Highway 40. The resolution, distributed to civic, business and governmental groups throughout the High Sierra along Highway 40 with recommendation for adoption, terms Highway 40 the "most strategic connecting link between California, Nevada and the east."

School Skiing Coach Speaks Before Lions

James Brehler, Tahoe City, ski instructor for the Tahoe-Truckee Unified School District, showed motion pictures and explained the various phases of the winter sport at the meeting of the Lions Club last night. Art Rafel played the piano. Robert Seibold was program chairman.

Jack Shields, an Auburn Lion, was a guest at the meeting and Robert Gifford presided.

The Lions will meet with the Rotary Club next Monday evening at Donner Lake Lodge and the meeting scheduled for next Wednesday will be called off.

Local High School Grad Begins Naval Training

Edgar W. Stelzreide, 18, of Truckee left last Thursday to enter training with the U. S. Navy at San Diego. The local man enlisted at Reno last week.

The new sailor is well known in this area, having graduated from Tahoe-Truckee high school last June. Before entering high school, he was a student at Kings Beach school, Lake Tahoe. Edgar is the son of Mrs. Ruth Stelzreide, who is employed at Truckee Mercantile.

Son's First Birthday Celebrated by Family

Glenn Kennett, son of Mr. and Mrs. Ralph Brethauer, was one year old today, fittingly celebrating the event with the lighted candle on top of a decorated cake and gifts for the small boy.

Sun Beams

by Walter M. Barrett

As long as winter sports provide one of the leading assets for this community, it seems fitting that Truckee should be represented by a strong organization devoted to the sport. The Truckee Outing Club can provide this need but to do so it must have support and community interest. A half-dozen willing workers cannot be expected to do the required job, so our suggestion is that if you want a winter sports club and think the community deserves and benefits from its work, that you attend the meeting at Hill Top Lodge Friday evening. Lend a hand to those who are striving to keep winter sports alive in Truckee. Attend the meeting Friday.

Don't delay in making your contribution to the March of Dimes. More than 33,000 were victims of the dread infantile paralysis last year and many stricken will walk again because you and your neighbors contributed to the fund to fight the illness and find a preventative. Truckee always more than exceeds its quota in programs of this kind and this year should be no exception. Give generously.

The work of the county and state highway crews in this area in keeping the streets and roads open during heavy storms is always an achievement worthy of favorable comment. The appearance of the thoroughfares today do not indicate that a few days ago they were virtually impassable as crews of men and equipment battled against the blizzards and snow. We are indeed fortunate in having this excellent service from the county and state.

TWO LOCAL MEN ARE CALLED WITH RENO AIR GUARD

At least two men well known in Truckee are among the members of the 192nd Fighter Squadron, Nevada Air National Guard, called to active duty last weekend.

One is Captain Earl A. Edmunds, son of Mr. and Mrs. C. Edmunds of Truckee and former local boy. Since his release from active service at the end of World War II, Edmunds has served as contact representative for the Veterans Administration office at Reno, making frequent and regular visits to Truckee in connection with this office.

The second local man is Corporal Frank J. Ward. Ward has been a Truckee resident for the past several months, being employed in the Gardner automotive parts store in the Osburn Building.

In addition, several traveling agents for Reno wholesale houses who call on Truckee merchants are in the organization and the Guards' basketball team has in seasons past figured in the schedule of the Truckee town team.

All personnel in the squadron will have gone on active full-time status in Reno on or before February 5. About March 1 the outfit is scheduled to move to Turner Field, Columbus, Georgia, for training. At the time the call to active duty was made, the component had 294 airmen and 35 officers. Authorized strength is 406 but no new enlistments are being accepted until after February 5.

Jolly Brothers Visit Nevada Art Exhibit

A. J. and Phil Jolly attended the Nevada Art Show this week in the civic auditorium at Carson City, Nevada. The latter exhibited some of his work with other artists from Europe and a number of cities in the United States. More than 100 paintings were hung in the auditorium for the exhibit and others will be held at frequent intervals in the future.

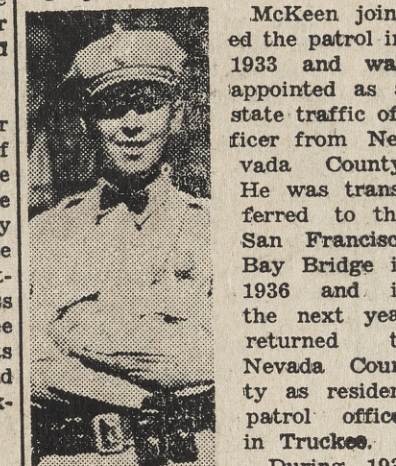

Has Operation—Mrs. O. G. Alexander underwent an emergency operation in a Reno hospital Tuesday.

Charles McKeen Succumbs After Lengthy Illness

Attended Hobart School,
Began Career Here
In 1933

The death of Captain Charles E. McKeen, former adjutant and editing officer of the California Highway Patrol and widely and favorably known in this area where he served with the patrol during the 1930's, was announced by the Capitol News Service yesterday.

Captain McKeen died in Veterans Hospital in Oakland last Tuesday night following a lingering spinal disease.

McKeen joined the patrol in 1933 and was appointed as a state traffic officer from Nevada County. He was transferred to the San Francisco Bay Bridge in 1936 and in the next year returned to Nevada County as resident patrol officer in Truckee.

During 1938 he was appointed to attend the police school at Northwestern University and returned with the rank of sergeant. His service was such that a short time later he was advanced to the rank of captain and served in the Sacramento headquarters of the patrol.

Prior to joining the patrol in 1933, the deceased resided at Hobart Mills where he received his early education.

During World War II he served as a captain in the army and was in the European theater.

A widow, Gertrude, and a son, Charles, 10, survive.

Funeral services will be held at the Garlick Funeral Home in Sacramento at 11 o'clock of Friday morning. Members of the highway patrol will attend in uniform.

QUAKE ROCKS EARLY RISERS HERE TUESDAY

An earthquake of moderate intensity, centered 40 to 60 miles southwest of Reno, shook western Nevada and eastern California on Tuesday.

The tremor was recorded at the University of Nevada seismograph station at 7:15 a.m., Prof. Vincent Gianella said, and residents of Truckee and Tahoe City reported feeling the shock almost simultaneously. Many just arising or at breakfast were able to immediately check the time.

Although no damage was reported, residents of Carson City also reported a strong shock and quake reports were received from Placerville.

Meanwhile, the University of California seismograph station at Berkeley reported two light earthquakes in northern California this week.

One was at 17:15 a.m. Tuesday about 160 miles northwest of the station, probably the same one felt in this area. Authorities said it was centered near Quincy. This quake lasted four minutes and was of 4.5 magnitude.

The other was recorded at 10:29 p.m. Saturday, 215 miles from Berkeley in an unknown direction. It lasted three minutes and was of 4.25 magnitude.

Truckee Woman Escapes In Pre-Dawn Bus Wreck

Miss Linda Warner, living at the Cottage Hotel, is recovering today from the shock she received at 4:00 a.m. when the Greyhound bus on which she was traveling east went down an embankment about 40 feet near Weimar.

The local woman related that she was asleep at the time of the accident but felt that the end had come for her and others in the bus. Several passengers were believed to have been seriously injured.

New Buick Now On Display At Osburn Garage

The new 1951 Buick is here. Clarence Osburn this week was exhibiting a new model Super at his show room in Osburn's Buick Garage where the car is creating considerable favorable comment.

While there are no radical changes over the 1950 models, Osburn said, some important improvements have been made, especially in the special models. Osburn invites an inspection of the car today.

CRUCIAL MEETING OF OUTING CLUB SLATED FRIDAY

If the Truckee Outing Club is to remain as one of the district's foremost winter sports organizations, more interest must be shown in its affairs.

This was announced this week by Secretary Harvey Hocker in calling a meeting for Friday evening at Hill Top Lodge at 7:30 o'clock. Officers will be elected at that time, Hocker said, and a good turnout of members and others interested is asked.

Crandall Brothers of Hill Top Lodge are offering special ski rates to members of the club only and unless the club becomes more active this concession may be discontinued, Hocker said. Reg Smart is currently president of the organization.

PRECIP FIGURES ARE OVER DOUBLE LOCAL NORMAL

The snow and rain during the past weekend added another 3.76 inches of precipitation to the season's record total and brought the amount to 31.97 inches since September 1, according to the U. S. Forest Service here.

During January to date 6.74 inches have been recorded as compared to the month's normal of 5.88 inches.

The February 1 normal, according to the forest service, is 14.14 inches and the 31.97 now recorded is 17.83 inches above normal for this time of the year.

There are 14 inches of snow on the ground at Truckee and 45 inches on Donner Summit. The temperature ranged between one above and 47 above during the past week.

20-30 CLUB ASKS TIPS FOR CIVIC SERVICE PROJECTS

The Truckee 20-30 Club is seeking suggestions for community projects and at their meeting Monday night extended an invitation to the public spirited citizens to offer such suggestions by mail. The meeting held at Cozzi's Cafe was attended by 15 members and two guests.

Mrs. Gladys Pedley asked that 12 members of the club assist the Wyethia Club in presenting a Gay Nineties program on which the latter club has been working for some time.

In observance of the birthday of 20-30 International, founded 20 years ago in Sacramento, Kenneth Hedlund, immediate past president, gave a talk on the benefits of the organization to its members and the community.

At the meeting last week, James Leamon presented a program of motion pictures on the state's wild life. Leonard Carlson, immediate past international president, gave a talk on the effects a world war would have on the clubs. Five members of the Lions Club were guests. Earl Smith presided.

Lindauers, Frat Men At Dinner for Skiing

Mr. and Mrs. Arthur G. Lindauer of San Francisco and eight students from Kappa Delta fraternity of Berkeley are visiting at the Emil deChoudens house at Donner Lake and taking part in the skiing at nearby resorts.

The others are Roy Briggman, Jim Putnam, Al Whitaker, Don and Ron Hendrickson, Jim Cowan, Stewart Lindauer, and Solon Barbis. The latter is a nephew of Mrs. Mary Zunino and Mrs. Elden Tonini of Truckee.

Sanitary Survey Started To Map District Needs

Engineers' Report to Form
Basis for Bond Vote,
Morris Says

The Ludwig Brothers, Pasadena sanitary engineers, this week are in the midst of conducting a preliminary survey of the requirements of the Truckee Sanitary District and adjacent areas, according to Fred O. Morris, secretary of the district's board.

The survey was begun January 12 and it was estimated it would take 15 days to complete. To be covered by the engineers will be:

1. What it will cost to put the present plant into first class condition to accommodate present needs and any foreseeable expansion within the next 50 years.
2. What it will cost to bring the present sewage disposal mains and lines into first class condition.
3. What it will cost to include the Gateway Park area in the Truckee Sanitary District as a unit.
4. What it will cost to include the Meadow Park area in the district as a unit.

The findings of the engineers will form the basis for a bond issue to be presented to the voters of the district, Morris indicated. Such an issue is the only alternative to present high tax rates in the district, Morris says, since certain work must be done to conform with directives of state health and pollution authorities.

The preliminary survey is costing the district only \$350, which is refundable if Ludwig Brothers are awarded the final engineering contract. The firm consists of five brothers, all of whom hold degrees in engineering and come here highly recommended. They have conducted similar projects and surveys in Needles, Bishop, Leavening and other communities.

A full evening of basketball is promised those who attend the March of Dimes games scheduled on the local court tomorrow evening. The Tahoe-Truckee high school will play the Virginia Dayton (Nev.) high school while the respective adult town teams will play in the follow-up. All proceeds will go to the fight against infantile paralysis.

MARCH OF DIMES BASKET GAMES TOMORROW EVE

Next Wednesday night, the American Legion team will play Risson's, Reno AA league team, on the local court, according to Manager John Rau.

The local team dropped a game to OK Cars of Reno on January 17 by a score of 78 to 53. This team is composed of several members of the University of Nevada varsity and was selected as a replacement when the professional Chicago Hot-Ten-Tots defaulted a game here when their team was decimated by calls to the military service. OK Cars has one of the best amateur teams in Nevada, Rau said.

Mrs. Nelson and Son In South for Wedding

Mrs. Laurence Nelson will be a bridal attendant at the wedding of her brother, Kenneth Parrott, and Miss Ruth Hippach, in Los Angeles Sunday. Douglas Nelson, young son of the local couple, will be the ring bearer at the formal ceremony.

Christine Ellen Kamp Marks 2nd Birthdate

Christine Ellen, daughter of Mr. and Mrs. George F. Kamp was two years old on Sunday, January 21, and a family party was given in her honor. Gifts were opened by the little girl and a special cake was served following dinner.

Mrs. Carlton Elliott of Delaware, Christine's maternal grandmother, and Mr. and Mrs. George Kamp, her paternal grandparents, were guests.

Richmond Woman Hurt In Collision on Summit

Mrs. Lorine Holmes, 31, Richmond, suffered minor injuries on Saturday morning at 9:30 when a car driven by her husband, Ruben Holmes Jr. and one operated by Edward B. McLeod Jr., 25, Los Angeles, collided headon near Soda Springs. Patrolman Roy Stallard investigated. Mrs. Holmes was taken to Dr. L. D. Nelson for treatment.

By ERIK P. ANDERSEN, Deputy.

a lease on the club's small jumping hill and ski grounds above the Tahoe City golf course, announced that he will begin operation of the ski tows this week, with plenty of snow available for good skiing.

Ski Banquet
The club's board of directors also announced that their annual ski banquet will be held this year at Cal-Neva Lodge on the north end of Lake Tahoe Sunday night, February 11, at the conclusion of their two-day ski meet.

Tickets for the meet are now on sale with admission \$1 for non-member adults, 50 cents for LTSC members and children under 12 admitted free. These tickets are being inscribed "Lake Tahoe Ski Club Days and March of Dimes Benefit."

The tickets will include the cross country FWSA championship races at 1 p.m. Feb. 10, starting from the Tahoe City golf course. Jumping events in A, B, C and D classes start at noon Feb. 11 at Olympic Hill. Snow shoe races will be held Feb. 10 after the cross-country and junior jumping exhibitions will follow Sunday's jumping championships.

Social Sidelights
A ski hall will be held at Tahoe Inn Saturday night, the 10th, and the ski banquet will follow on Sunday night at Cal-Neva. The banquet will be preceded by a cocktail hour at Cal-Neva starting at 6:30 p.m., lasting until the banquet hour. Manger Douglas Ross declares that all FWSA officials, skiers, contestants and their friends will be welcome. No reservation will be required for the banquet and dinner prices will range from \$2.50 up.

Also on Saturday night, the 10th, will be staged a banquet at Cal-Neva by the Lake Tahoe Chamber of Commerce which will select a snow queen to be chosen by a number of Hollywood notables who have promised to be present for the judging. The queen candidates will be nominated by the various ski clubs and resorts of the area and the winner and her court will be honored the following night at a special banquet. Hollywood luminaries who have promised to serve as judges include Lew Ayres, Gregory Peck, Joanne Dru, John Ireland and others.

Ross is donating a trophy to the Lake Tahoe Ski Club for the resort to be given as the club sees fit. Directors have voted to make the trophy a perpetual one and it will be given to the boy making the longest jump in competition at Olympic Hill each year. His name will be inscribed upon the trophy.

Junior Invitational
The Lake Tahoe Ski Club's annual junior invitational meet will be held on either March 17 or 18, the date not yet determined. Trophies will be on display in Tahoe City within the next week. The meet will be a four-way combined event, featuring cross

country, slalom, jumping and downhill and will be held at the club's small ski hill and grounds in Tahoe City above the golf course.

Also to be awarded is the James Baker trophy for the novice event for jumpers to young to enter class D. Last year Rex Donaldson won the event.

Junior members of Lake Tahoe Ski Club will meet at Granlibakken, near Olympic Hill, this week to try out for the six-man team to be sent by the club to compete in the National Junior Championship meet to be held at Badger Pass on February 3 and 4. The committee in charge will announce the team members at this Friday night's meeting.

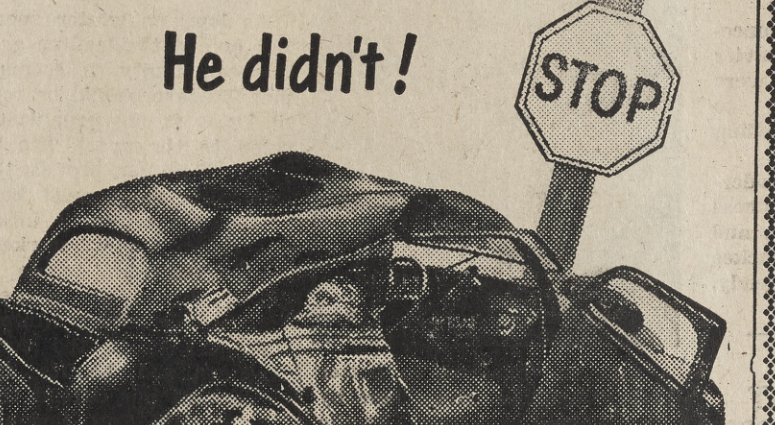

Waters' Birthdates—

Seek Flood Relief Fund For This County

SACRAMENTO (CNS)—Plenty of argument over the state's participation in flood damage repair for cities and counties was seen as county supervisors met to make recommendations to the legislature for appropriations. The supervisors association has estimated the total damages of the November-December storms at \$3,261,500, \$18,000 of which is in Nevada County. This is damage to county roads, bridges and other property.

Summit Scene

by FRAN COUILLARD

At the beginning of the season, lodge and tow operators in the Donner Summit area got together for promotional purposes. Gradually various shapes are beginning to emerge to prove that the promotional efforts had a good,

sound basis. This past weekend we saw a Greyhound bus passing which flaunted a banner indicating that it was a "shuttle bus" hired by the operators of the area to transport skiers from one spot to another "on the house". We now have a shuttle bus schedule tacked to our wall and find that it runs from Kingvale to Donner Lake Lodge starting at 8:45 and

finishing up at 5:45 p.m.

Another portion of the "plan" is Operation Jack Pot which will be spilled at the San Francisco Emporium auditorium February 5. So far eight vacations for skiers are part of the jack pot, with ski tow rides, ski lessons, skis, gas, chain service and paraphernalia dear to the heart of the skier climbing up in value to hundreds of dollars also being thrown in for part of the evening show. Gratz Powers, former local ski instructor and now head of the Emporium Ski Shop, devotes his Monday evenings to various skiing areas putting on a super-duper show that attracts skiers from all parts of the country. With an invitational list of 1500, with the jack pot growing by the minute, with the notice "you must be present to win" included in the invite, we dare say that the Emporium's auditorium that seats 500 will be inadequate to hold the hundreds of skiers who will want to try to hold the lucky tickets. Colored slides of the various lodges and ski terrain will be a portion of the show whilst background music of ski songs will be played softly to lull the ardent spirit of skiers.

Last weekend's crowd, lured to the snow fields by Saturday's soft powder and excellent skiing conditions, were chased down the hill on Sunday as the heavens gave the skiers the Bronx cheer and deposited a wet mist over the scene. Those who wallowed in Saturday's snow and timidly signed their names on hotel registers, (incidentally they came without reservations) checked out when the rains came and the wet stuff on the cheeks of the operators, wasn't the rain. However, with owners and managers crying "no full house this weekend" as late as Friday evening, the Saturday surprise was overwhelming and caught them all with their safety pins unfastened. Every available housewife (including your correspondent) was drafted for the help shortage as dining room, bar and lobby filled to capacity. Best weekend of the year said they all.

The Donner Trail Cross Country Memorial committee goes into action tonight with your truly serving on the committee and unblushingly we admit that we want to serve for this is one of our very favorite events of the year. With this summer's activity in marking the old Overland Emigrant Trail by the state beaches and park commission, and our annual 26 miles winter marathon which, last year, brought a good number of contestants from all parts of the country we foresee the time when the Old Donner Trail will be a name that will become so famous that the mention of it will bring up a mental image of the west's most famous landmark.

The March of Dimes ski race program goes on and again we admonish you youngsters, don't forget to send in your entry blanks to Carl Buek, Soda Springs, California. Remember, the March of Dimes race is far a

very, very good cause.

The "Snow Flake" patch for the newly formed Soda Springs Ski Club will be in your hands shortly and don't forget that the whole family can wear the patch for a fee of \$5 for the whole family, no matter how many kids. You'll love that patch!

We didn't blame Evelyn Leando for having a very white countenance last Sunday noon when we walked into Beacon Hill Lodge (just to take a peek at those swimming in the steaming pool) for she had just plucked her youngest, Carol, from the deadly weight of a small ice-packed avalanche that had slid off the roof. Evelyn was helping in the dining room when she just glanced out the window and saw the snowpack swallow up her baby. A guest jumped from the balcony to start digging but Sis, with the superhuman strength available at times like that, pulled the door open with such force that the lock came out of its mooring. A doctor in the house gave Carol a thorough going over and with the recuperative powers of youth, she was up and about in a few hours. A few pulled muscles, that's all, even tho' the snow's deadly weight knocked her unconscious for a brief interval.

Corty Hill got tired of seeing Edvi Aro's slow recuiping from his summer accident, got tired of seeing Edvi walking around with his arm suspended above his head as the slow work of healing takes place in a very badly injured shoulder. Corty takes Edvi to the southern part of the state this mid week in his own plane to have specialists there see if there isn't something they can do to speed Edvi's recovery. All at Courtney's expense. Makes you feel good, doesn't it?

Si and Juanita Roemer come back to their old home, the Soda Springs Hotel, this week. Si's grin will again be seen behind the plank while Jaunita's waitress skirts will flicker speedily back and forth in the dining room.

On Feb. 3, at one of the ski lodges on the hill will be the ski movies "Sun Valley Time" and "Winter in Aspen". Scheduled for showing between Feb. 19 and March 6 are "Symphony", "Highlights of 1948 Olympic Games" and "Switzerland Today." March 24 will bring "Yosemite: Snow and Sun," "Ski Chase: Sun Valley" and "Holiday on Skis." We haven't been able to find out where these will be shown but a call to Bud Zorich at Soda Springs 2522, who brings these movies to the area for your entertainment, will enlighten you as to dates and locations of the "movie houses".

If Jack Woodard of the Ski Ranch had to break his ankle, don't you think he should have done it in line of duty? Nope!

On Friday, January 26, and once each month thereafter, February 9, March 2, and April 6, Cal-Neva Lodge, Lake Tahoe, has set aside the time from 6:30 to 8:30 p.m. when their Truckee friends will be guests for cocktails.

"This is our first winter experiment," said Manager Douglas Ross. "We have never been open before in the winter. We need the friendship and good will of everybody situated near or around the lake. In order for us to remain open for the following winter the experiment must be successful."

"I believe that the success of Cal-Neva's winter experiment can indirectly be beneficial to the

North Tahoe

by T. BURROUGHS

The Christmas committee met at the Andy Sorensen home on Tuesday night to pay all bills incurred by the Christmas party for local children and to discuss the best method of using the funds left over. Charles Chubb, principal of the Kings Beach School, had some good suggestions for use of a portion of such funds to be spent to provide useful equipment for the good and welfare of all school children. Then there is a community project that came in for some mention. More details later.

The North Tahoe Women's Club meets on the last Thursday each month. This Thursday at the regular meeting there is to be an election of officers which will be listed next week.

Last Tuesday week the two Burroughs made a little trip down to Modesto and returned on Thursday through that major snow storm of the season. Coming in over Highway 50 wasn't a lark. Especially when that Glenbrook grade loomed up with hardly a track to follow. Five miles an hour was excellent speed and more of it sideways than forward. I understand the road was closed shortly after seven that evening. The only thing I cannot understand is why it wasn't closed sooner. In spite of the hazards of that storm, it was indescribably beautiful. And the next day, what a scene! Our peacefully still, clean, white world!

Our lake area comes in for some defense organization. Your local constable, Dick Lavery, conferred with Sheriff Elam who requested that he appoint ten auxiliary police to comprise a disaster committee. This committee will receive training appropriate for proper function. At least a part of the committee has been appointed. More details later.

Mr. and Mrs. M. J. Leipertz re-opened their Beachcombers restaurant and bar last Saturday night. Let's hope for a lot of skiers in our neighborhood and a very successful season for all. Camy and Bill, Althof left this week for Herlong and Hawthorne in search of work. Bill's employment at Kings Beach terminated last weekend.

FLASH! Mr. and Mrs. Robert A. Palmer up on Brockway Hill are the proud parents of a brand new son who arrived early Wednesday morning. He is so new in fact that you'll have to wait until next week for his name. Welcome to our community, young fellow.

Everybody on your toes! If at all possible, there will be a meeting of your Community and Sports Club next Tuesday night. Due to the storm last week our scheduled meeting for Thursday night had to be called off.

Frank Paoli, our county supervisor, was up last Wednesday looking over the deplorable condition of our local roads.

SWANEE'S TAHOE LETTER

Tahoe City, January 21
Dear Tahoeites:

What a dismal Sunday this has been, although the sun did come out and shine on the north end of the Lake most of the morning while the west and east shores were undergoing blizzard conditions. Rain finally arrived, interspersed occasionally with big

snowflakes and rain is still falling tonight. During the height of the recent storm, for two days and nights oceanic breakers dashed against the shoreline with a vengeance. Roads are open but both chains and caution should be used.

There's very little in the line of news this week, since most folks stay home and hug the fire in weather like this. Both the PTA meeting at Tahoe Lake School on Thursday afternoon and the Tahoe-Truckee Unified High School PTA session which was to have

OVER MILLION TROUT PLANTED IN '50 IN COUNTY'S WATERS

SACRAMENTO (CNS)—The state bureau of fish conservation planted more than two and a half million catchable fish during the last fiscal year, according to a report issued by the bureau.

Total weight of the fish, the report said, was 417,855 pounds. Of this total, none was planted in Nevada County streams and ponds but the report indicated 1,007,125 fingerlings were planted in the county.

The total fingerlings planted amounts to more than 70,000 pounds or more than 18½ million.

been held that evening at Kings Beach elementary school were called off due to the storm.

Hear that honeymooners Ditty and Pete Ables returned to the lake the latter part of the week but haven't heard what their plans from there on are. Ditty's supposed to return to her Pacific Tel & Tel office job tomorrow in Tahoe City.

Sam and Gertie Landisberg have returned to take over the running of Sam's Market in Tahoe City which, for several years was operated by Mrs. Landisberg's brother and sister-in-law, Mr. and Mrs. Louis Rosenblatt. The latter have taken an apartment in Sacramento where he is employed.

Mr. and Mrs. Silas Sinton of Paso Robles enjoyed a vacation from ranch life by spending most of last week as guests at Squaw Valley. Old friends of the Bud Scotts, at whose Carnelian Bay home they visited, the quartet enjoyed dinner at Cal-Neva and Squaw Valley before the Sintons returned to their home Friday.

Most of the news this week in Tahoe City and environs is skiing news. With some mighty fine compliments being handed out to Doug Ross, manager of Cal-Neva for his 14-karat cooperation with both the Lake Tahoe Ski Club and the local communities. He is setting a resort precedent by donating to the ski club a trophy to be used as they see fit. Directors of the club have voted to present it to the boy making the longest jump, during competition, each year at Olympic Hill. The club will make it a perpetual trophy from Cal-Neva, each winner's name to be inscribed on it. Ross has also devised an ingenious plan whereby the various local communities of the region will be invited to be guests for cocktails of Cal-Neva, Tahoe City and Homewood sharing the "get-together" on January 18, February 22, March 22 and April 19.

Both Cal-Neva and Cal-Vada and other lodges which are open for the winter are pioneering in a movement which they hope will bring winter sports fans to this area in greater numbers to enjoy the sublime beauty and superlative skiing which can always be found somewhere around Lake Tahoe. They don't expect to break even financially this winter but are willing to go along with the Lake Tahoe Chamber of Commerce and give the trial all they have to offer.

Sorry to hear about Squaw Valley's bad luck with their lift, their top tower badly damaged by an avalanche. The strange part of it all is that an expert on avalanches had just assured the resort operators that they were quite safe from such a catastrophe. There was no danger. Guess that's why they're still putting erasers on lead pencils—even the best of us can make mistakes.

Will ring off for the week sending along best wishes to one and all for good health, good luck and happy days, as ever,
Swanee

WANT 4-LANE HIWAY? SENATOR OUTLINES WHAT IT'LL COST YOU

SACRAMENTO (CNS)—A billion dollar proposal to improve the major arterials of the California state highway system was placed before the state senate on Friday by Senator Randolph Collier of Yreka.

A constitutional amendment, which if adopted by the legislature would be submitted to the people in November, 1952 asking a two cent gas tax on top of the 4½ cent state tax already in effect, to amortize a billion dollar bond issue over a period of 20 years, contains the proposal.

The amendment contemplates the expenditure of \$100,000,000 annually for a period of ten years to develop the state's major arterials into modern four lane highways. A map of the routes proposed to be developed is contained in the amendment.

Generally, the east-west routes are U. S. 40 and U. S. 50 in northern California and one other route over the Sierra probably through Calaveras County; U. S. 60, 70 and 80 in southern California.

The north-south highways Collier has scheduled for four-lane development are U.S. 101, from Oregon to the Mexican border; U.S. 99E and 99W also from Oregon to the terminal point in southern California; U. S. 395 from the northern part of the state to a point where it joins Nevada and southerly from a point where it re-enters California to the Mexican border.

The proposal is specific on the two cent gas tax: it would be imposed for twenty years and at the end of that time removed. Collier contemplates the revenue from the two cent tax would amortize the billion dollar bond issue in that length of time, but the funds would be spent at the rate of a hundred million a year to speed construction of the four-lane program.

Collier said the amendment

MRS. O'ROURKE TO HEAD POLIO FUND DRIVE AT TAHOE

AUBURN—Albert Bequette, Placer county chairman of the March of Dimes campaign, this week named Mrs. Dorothy O'Rourke as chairman of the drive in the Lake Tahoe area.

The drive will continue until February 18. Bequette hopes to raise \$15,000 in the county this year. At present, the chapter has only \$1601.76 on hand, which will shortly be used up to meet current expenses.

provides for construction and purchases of rights of way only.

His proposal, he declared, is essential to national defense, as California's roads at the present time are not in conformity with the needs of the federal government and the armed forces in the event of attack on this country.

"Unless our major arterials are developed to modern standards," he says, "then funds expended on other development fall in the category of wasted money."

Unemployment

SACRAMENTO (CNS)—Despite improved employment conditions throughout the state, unemployment insurance claims showed an increase for the week ending

January 4 over the previous week. In the Grass Valley office of the department of employment, 603 filed claims for the week and the office paid 436 of these.

Standard equipment, accessories and trim illustrated are subject to change without notice.

Your first eye-smacking look at the line of lovelies pictured here tells you that they've got what it takes in visual charm.

But the fellow who said a picture speaks louder than a thousand words, wasn't talking about these superbly able 1951 Buicks.

Sure, they're smart to look at—smart in style and smart in dress.

But they're also smartly powered—smartly engineered—smartly priced. And it would take a book to describe in full their deep-down goodness.

What's been done for '51 is to take the best automobiles that ever bore the Buick name—and top them.

Come, look them over, and you'll see what we mean.

There's the SPECIAL which can accurately be titled "the newest car in the world"—new in structure, new in power, new in dimensions, new in thrift—and potent in price appeal.

There's the SUPER—that looks and is a smart new edition of its "best seller" forebear.

Then there's the ROADMASTER—that coddles your anatomy on luxurious new fabrics and cloud-soft cushions—pampers your pride with its lordly bearing—shoots a delicious tingle right up your spine by

the exuberance of its power and action.

We could go on and on. This is the car that brings Convertible and Riviera styling to new lower price levels. This is the car with new high-visibility instrument dials. This is the car that "breathes through its nose." This is the car that sports a brand-new front-end styling—and a host of other news-making features you can't afford to miss.

So your No. 1 date this week end is with your Buick dealer. It won't take you long to conclude that he's offering the smartest buys of the year.

RENO ROTARIANS MEET WITH LOCAL CLUB ON MONDAY

Twenty-nine members of the Reno Rotary Club were guests of the Truckee Rotarians Monday night at their annual visit. It was the Reno club that sponsored and installed the local organization March 28, 1931.

Reno's president, Carl Fuetsch, and secretary, Tate Williams, introduced their inter-city chairman, Dick Hughes, who was in charge of the evening's program. The entertainment was divided into two parts. The Rotary procedure was conducted in Chinese and Spanish, which produced great amusement. The rest of the evening was given over to the playing by a German band consisting of six pieces.

John Ciardella, Truckee's inter-city chairman, arranged the session.

Just preceding the Reno entertainment, Robert Hackett gave a short talk on the life and influence of Benito Mussolini during the days prior to Italy's surrender to the Allied forces.

President Jim Sherritt introduced the past presidents of the Truckee club including Tom Buell, Jack Wolter, Charles Cross, Art Couillard and John Ciardella. The latter was also the only charter member of the club present.

Beside the Reno Rotarians, guests present were L. E. Beck, Lafayette; R. N. Hackett, Boston, Mass.; F. W. Wilson, Gene Metteer, Walter Ramsey, Wm. Englehart Sr., Wm. Englehart Jr. and C. H. Ellis, all of Truckee.

There will be an inter-service club meeting Monday evening, January 29, in Donner Lake Lodge at 7 o'clock. The speaker will be Dr. Walter Dew of San Francisco, who represents the Du Pont Company's public relations department. The Truckee Rotary Club will be host.

Rebekahs Plan Party On Valentine's Day

Tarzan

by EDGAR RICE BURROUGHS

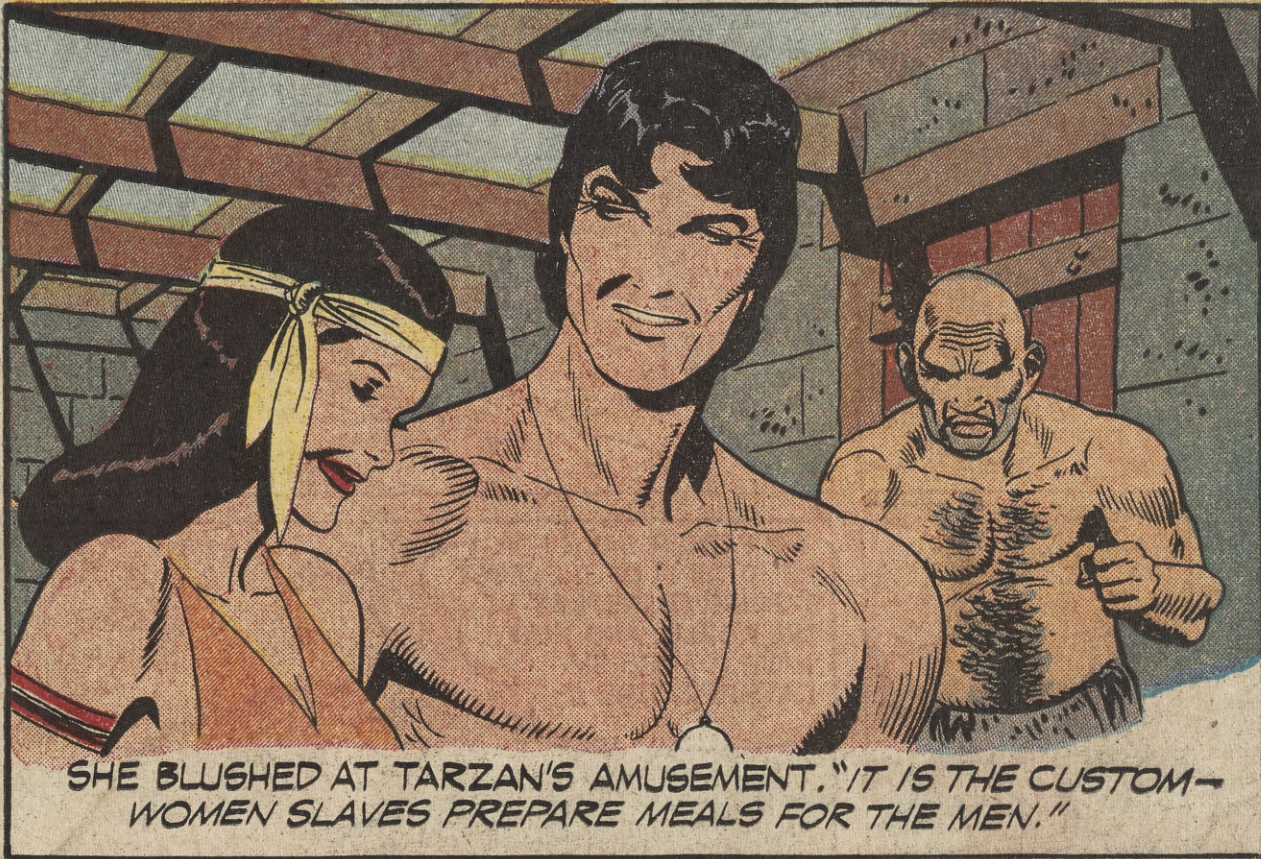

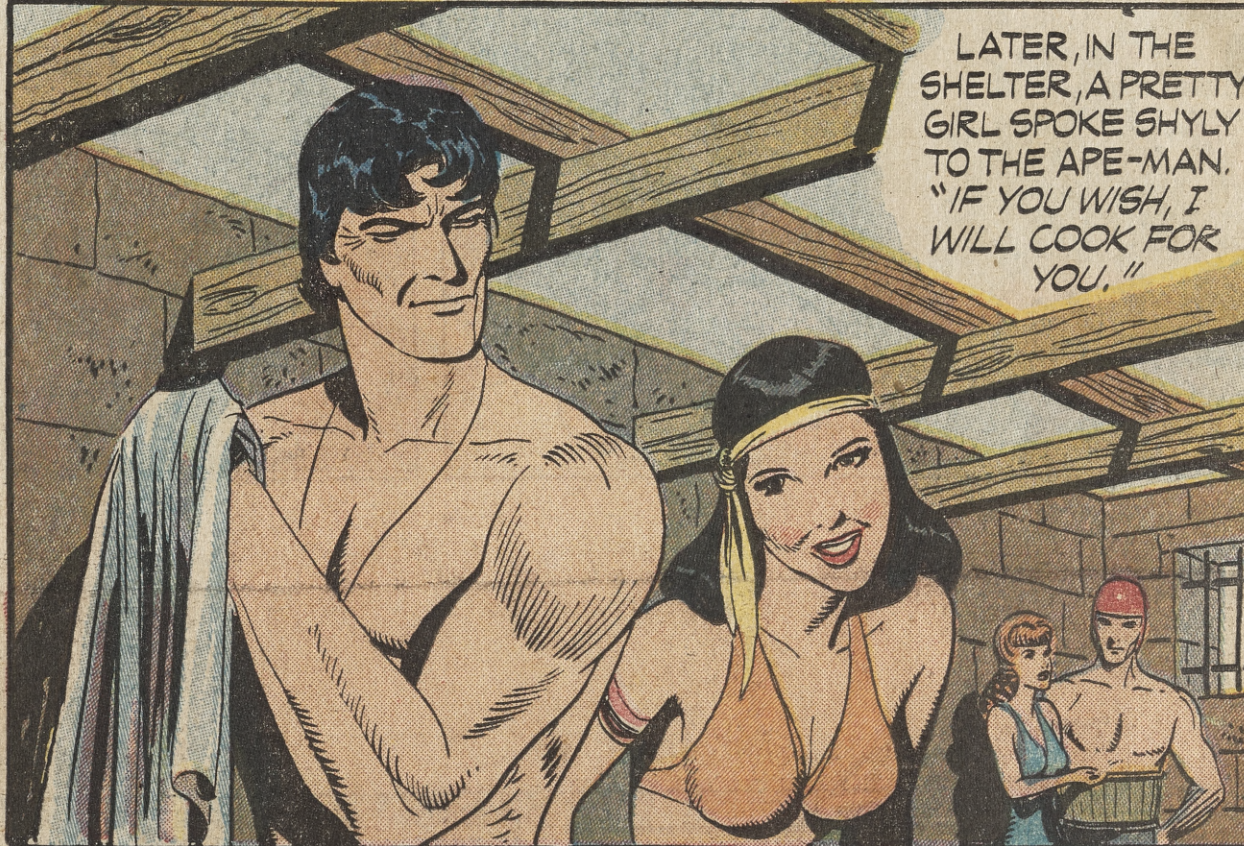

TARZAN WAS ENSLAVED AND CHAINED
IN THE TESMAL QUARRIES. SIDE BY SIDE
HE TOILED WITH FELLOW PRISONERS
CAPTURED IN BATTLE.

AT THE DAY'S END, THE
WEARY SLAVES WERE
RELEASED FROM THE
CHAINS AND LED TO
THEIR QUARTERS.

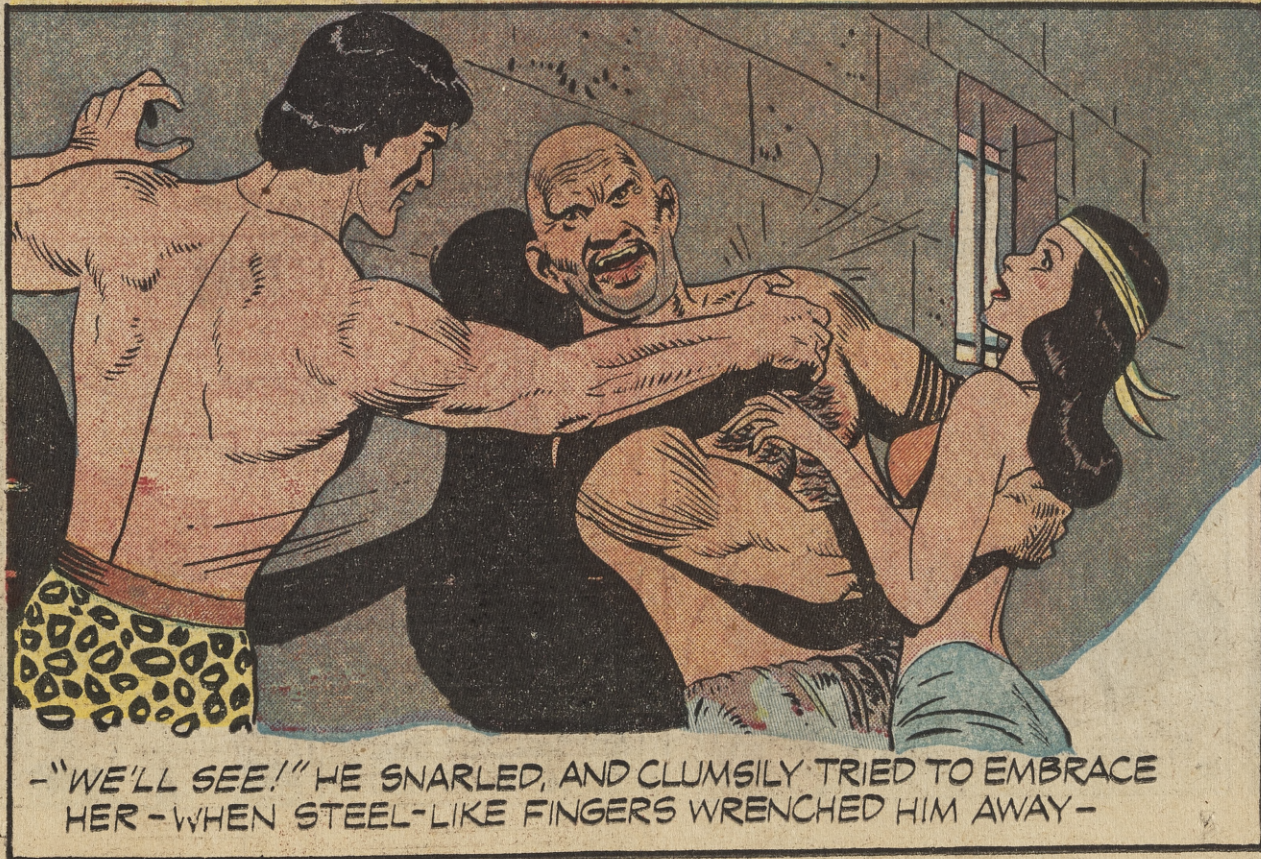

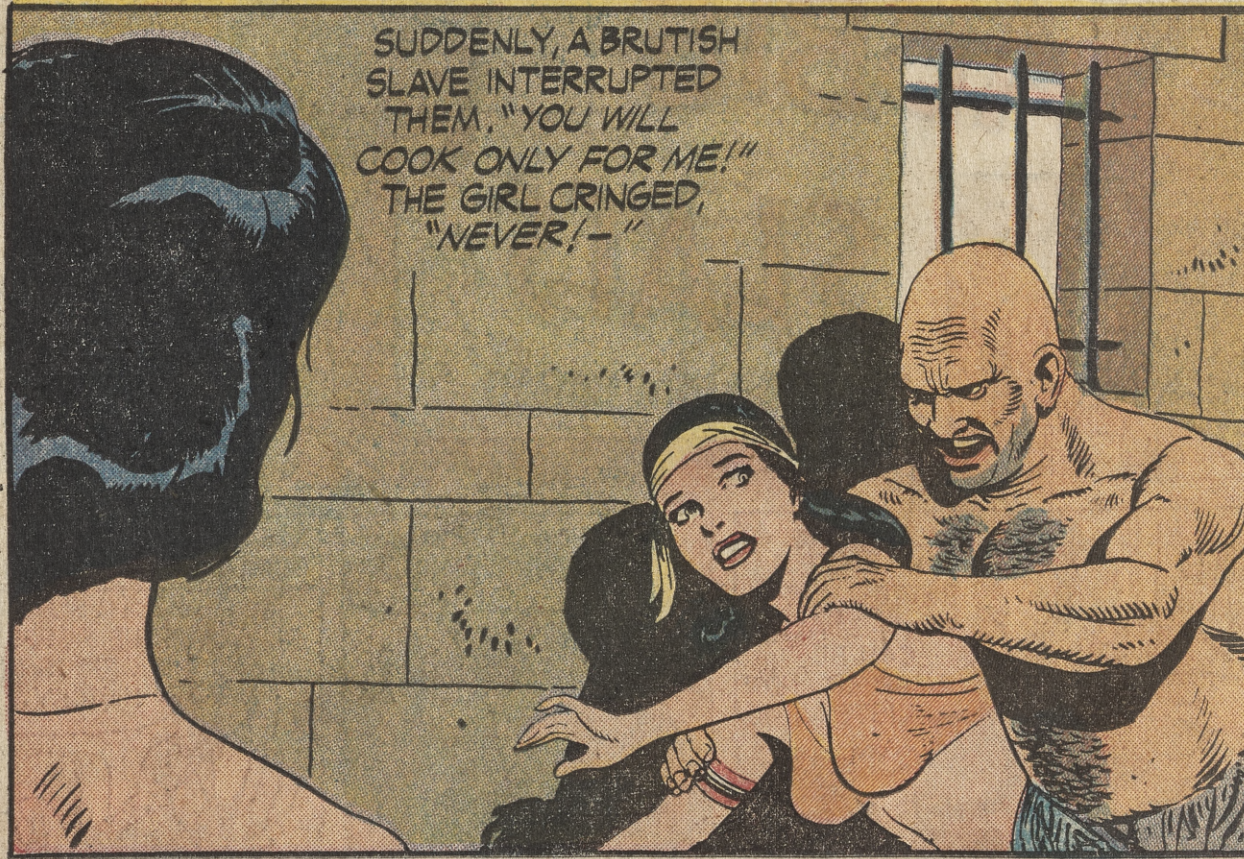

LATER, IN THE
SHELTER, A PRETTY
GIRL SPOKE SHYLY
TO THE APE-MAN.
"IF YOU WISH, I
WILL COOK FOR
YOU."

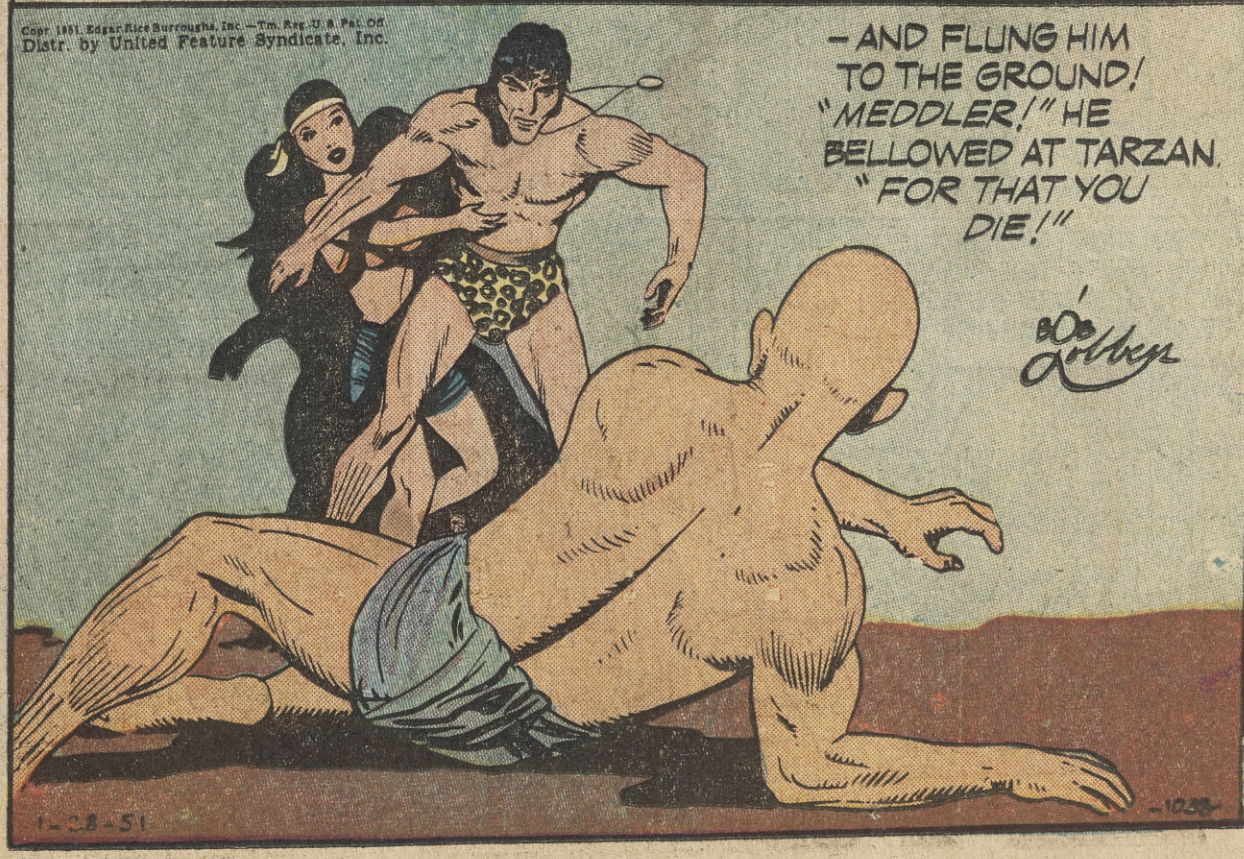

SHE BLUSHED AT TARZAN'S AMUSEMENT. "IT IS THE CUSTOM—
WOMEN SLAVES PREPARE MEALS FOR THE MEN."

SUDDENLY, A BRUTISH
SLAVE INTERRUPTED
THEM. "YOU WILL
COOK ONLY FOR ME!"
THE GIRL CRINGED,
"NEVER!—"

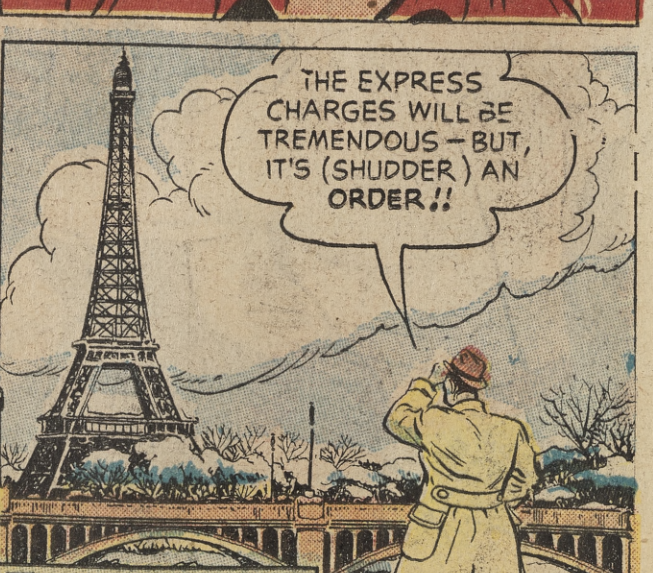

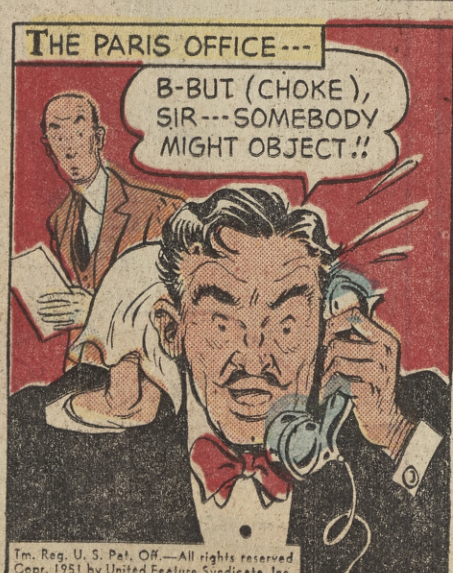

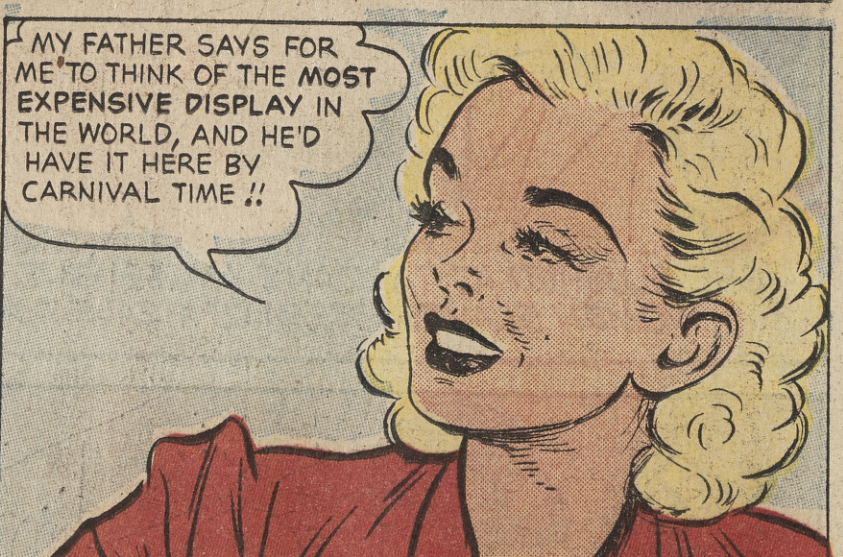

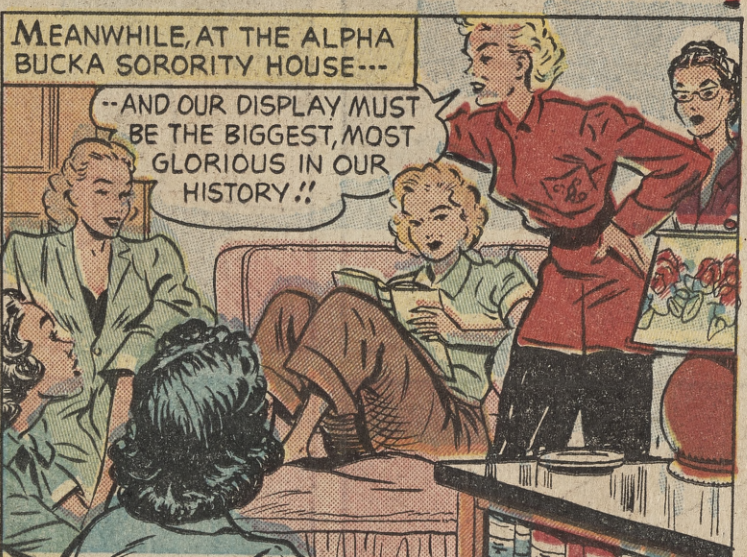

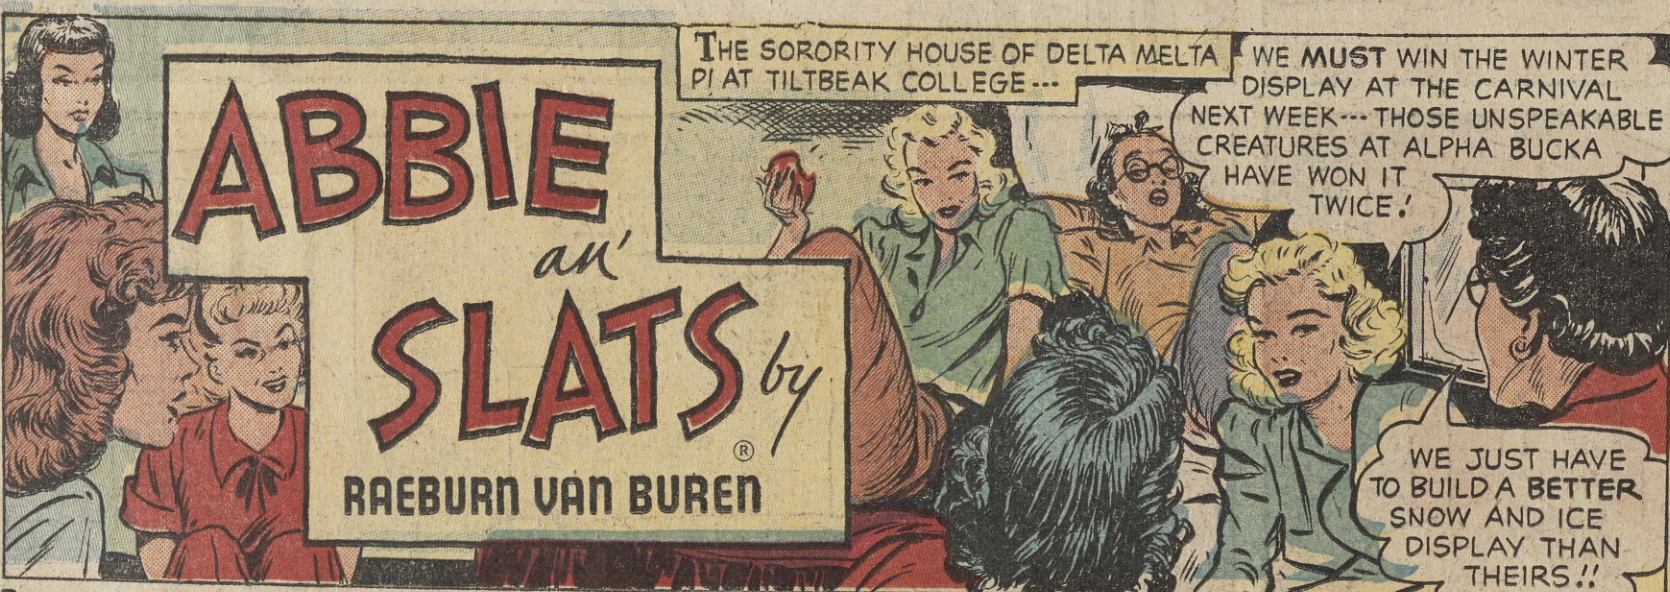

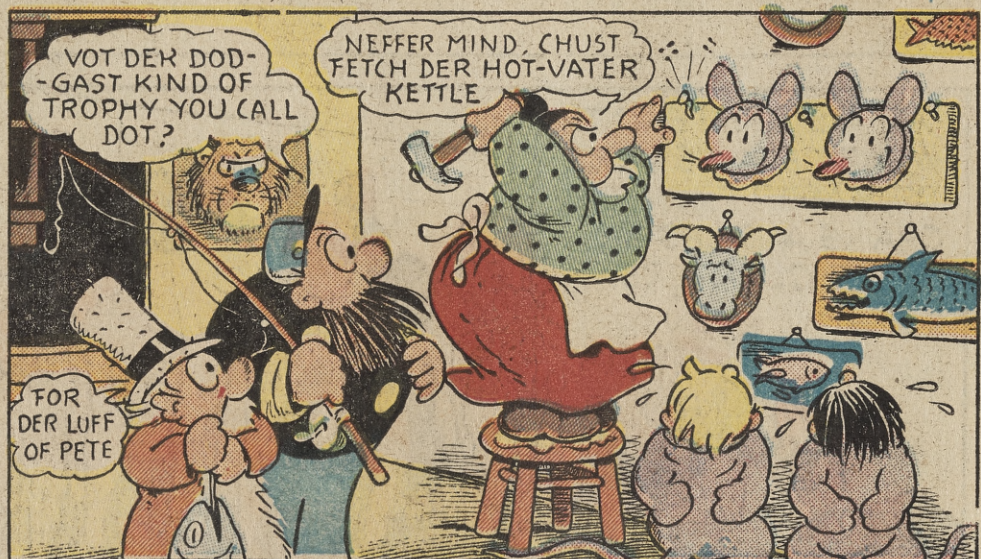

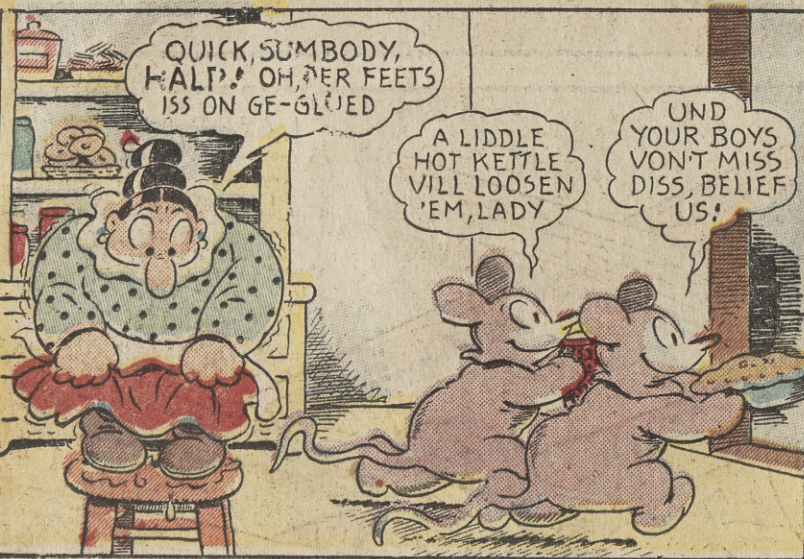

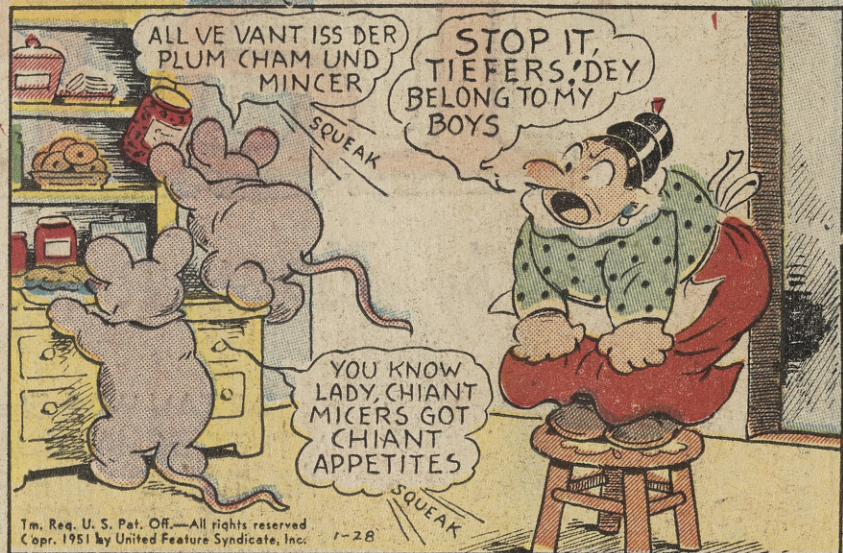

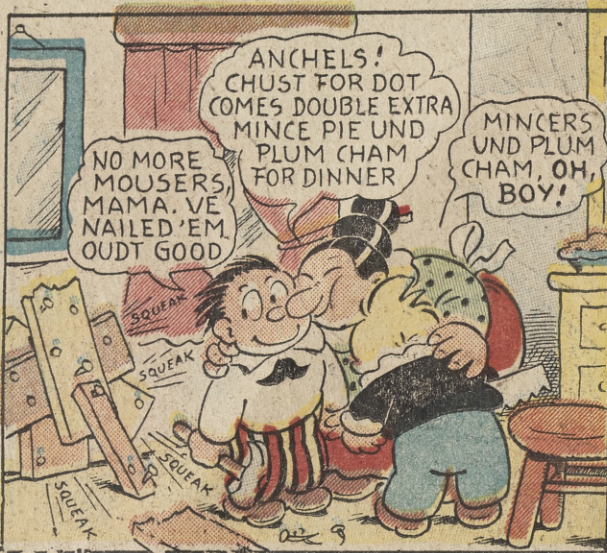

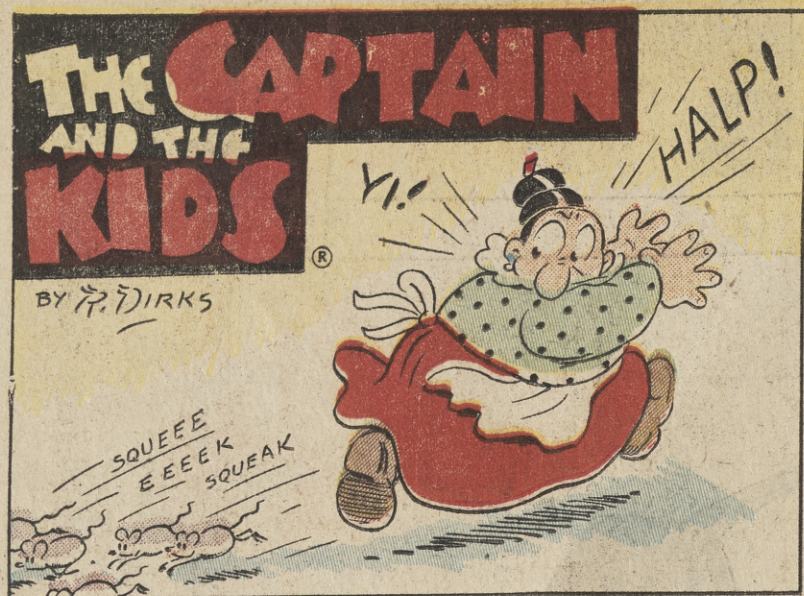

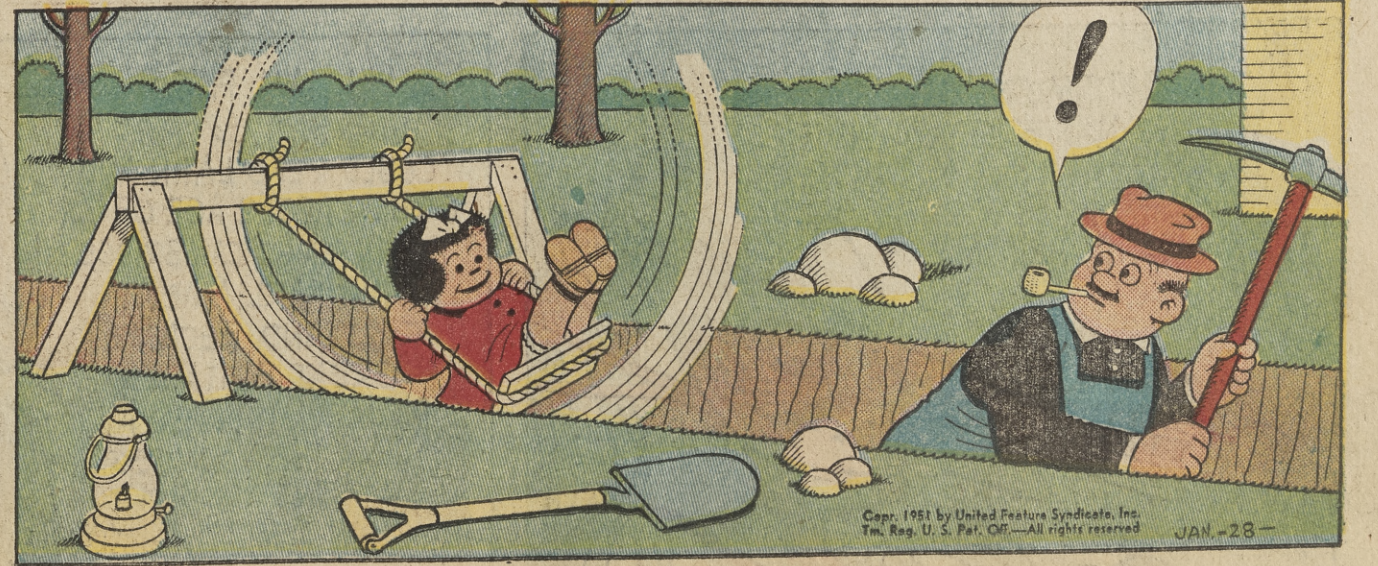

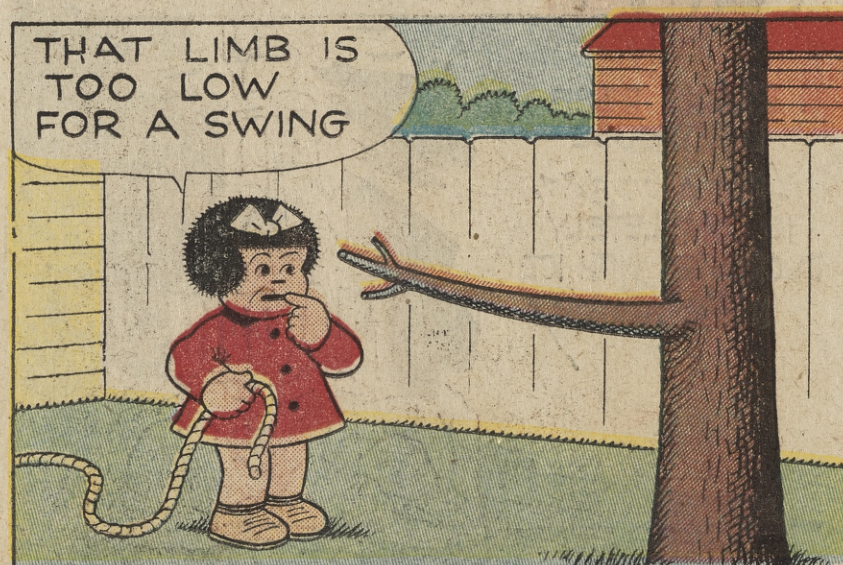

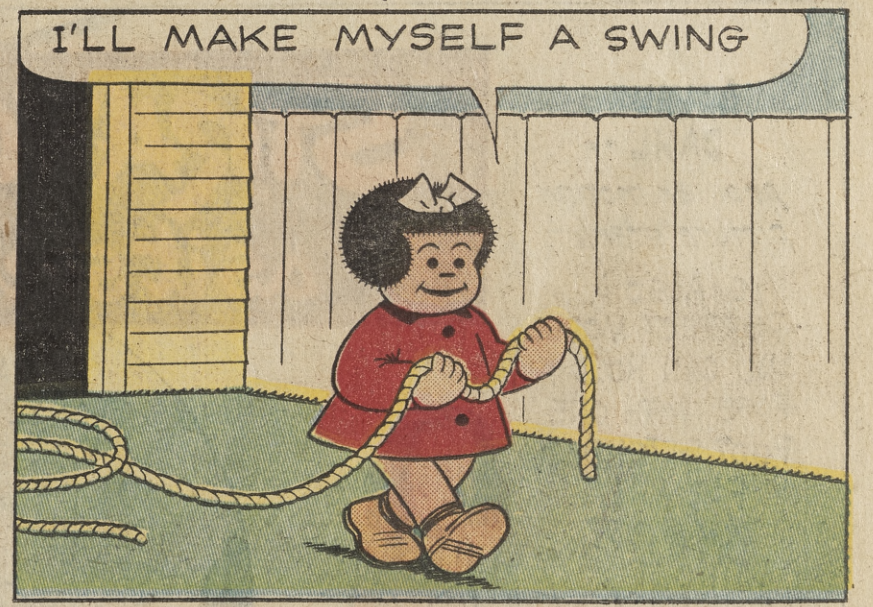

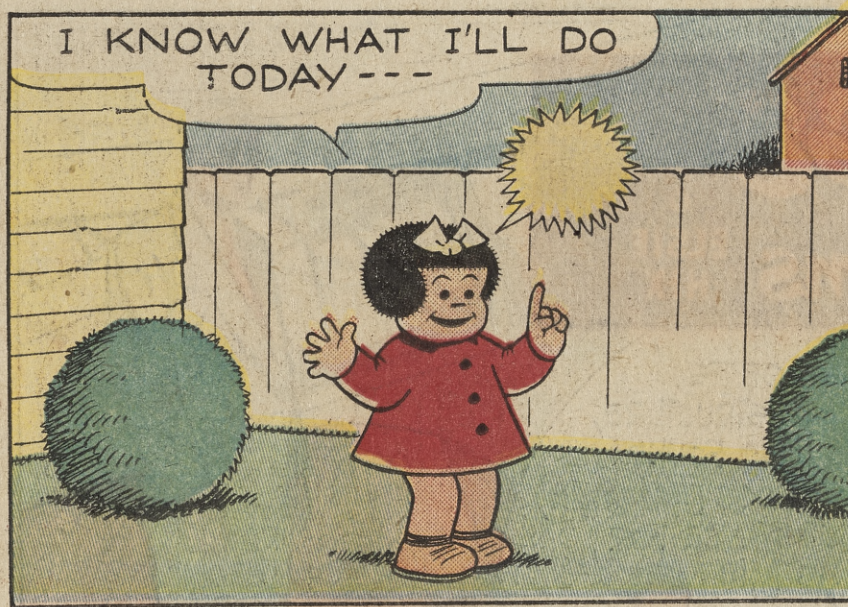

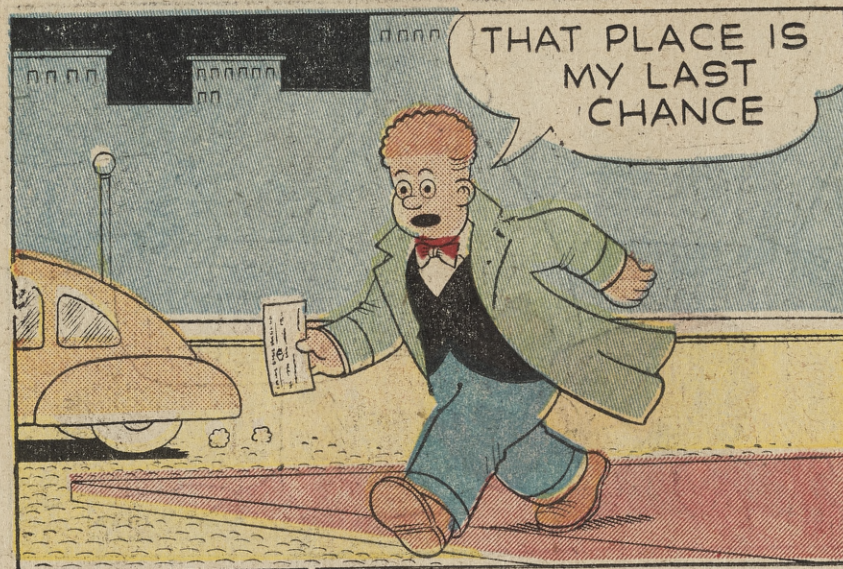

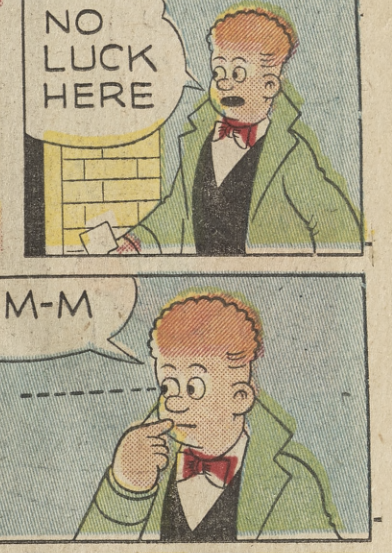

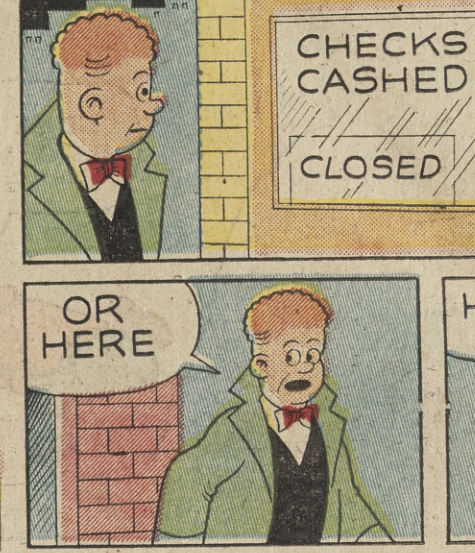

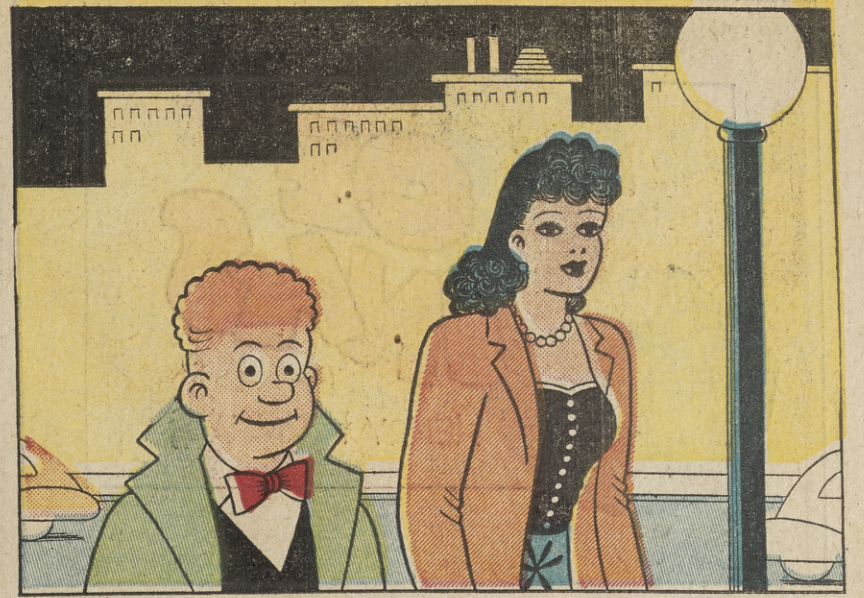

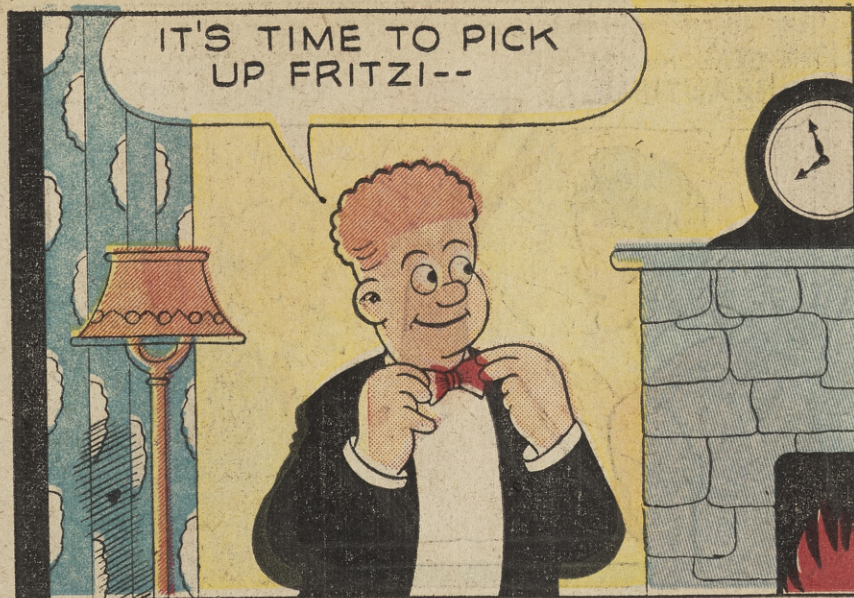

"WE'LL SEE!" HE SNARLED, AND CLUMSILY TRIED TO EMBRACE
HER—WHEN STEEL-LIKE FINGERS WRENCHED HIM AWAY—

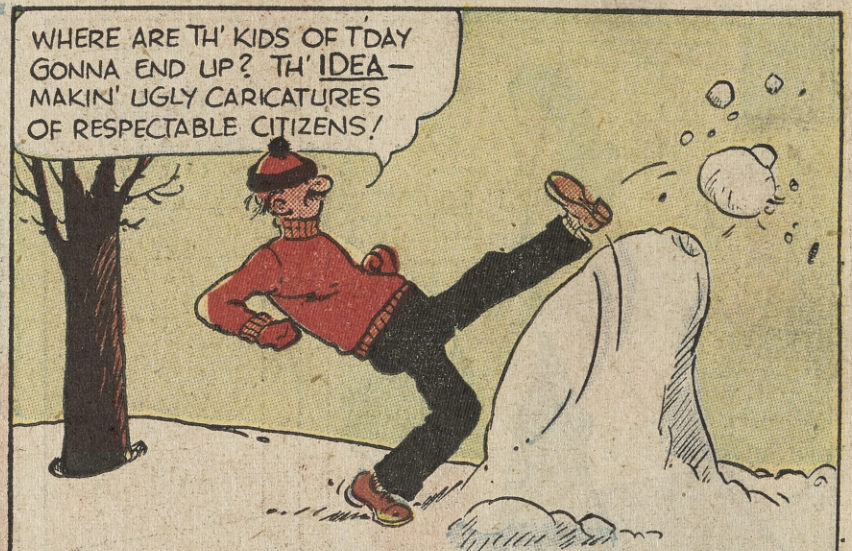

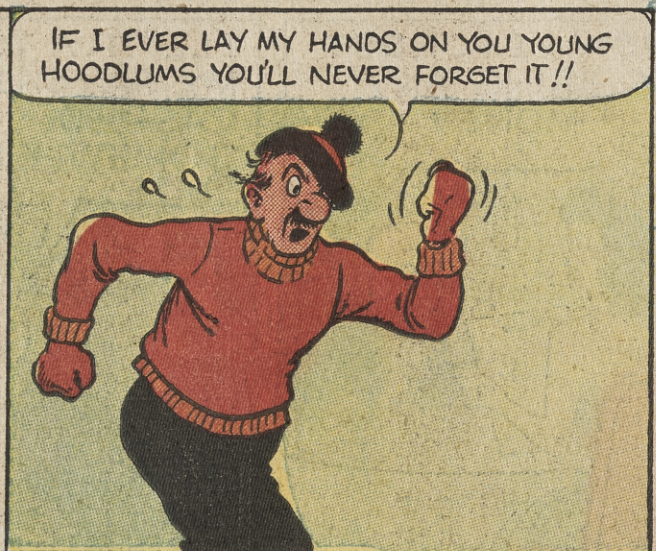

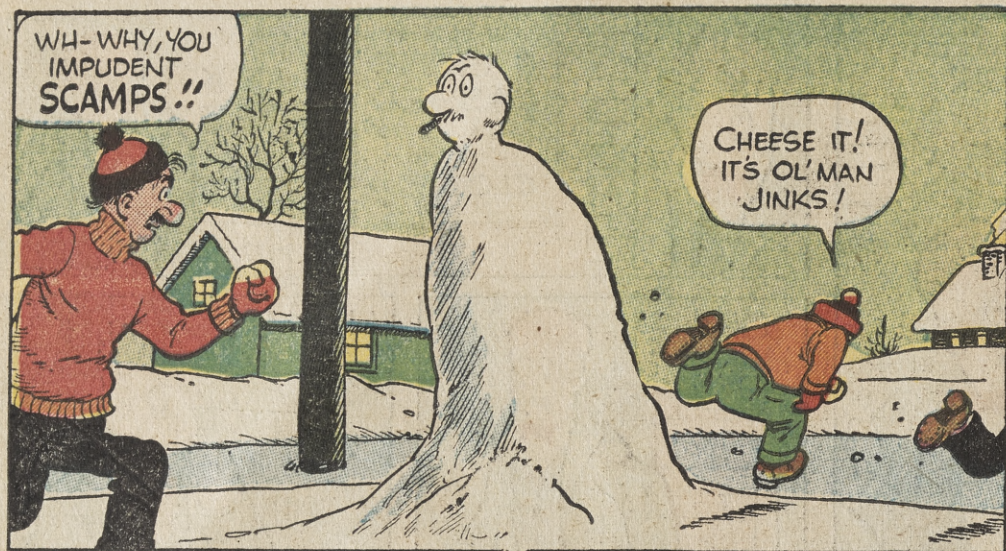

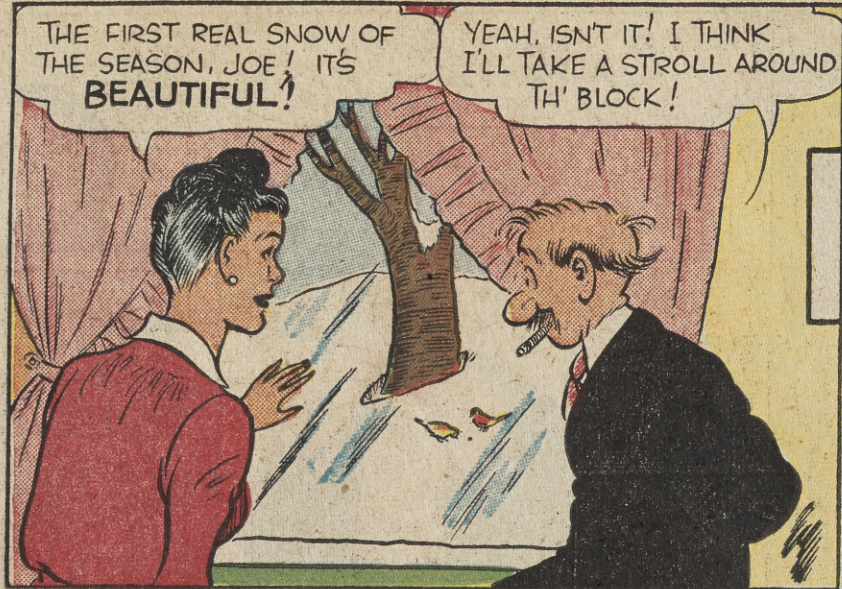

—AND FLUNG HIM
TO THE GROUND!
"MEDDLER!" HE
BELLOWED AT TARZAN.
"FOR THAT YOU
DIE!"
